An Exciting Summer Program

Pickering College has an exciting summer program for students aged 12 to 18 who plan to study in an English-speaking school or who wish to study English as an academic subject in their own country. Learn English and experience the wonders of summer at our 42-acre campus, an ideal location for a unique program that combines intellectual learning with a summer vacation in Ontario, Canada.

The ESL Summer Program is well-balanced between classroom activities during the day and evening/weekend activities designed for entertainment and as a means to further improve English skills. All aspects of the program provide opportunity for leadership development and personal growth through peer support, creative problem-solving and team-building.

A Truly Canadian Experience

Students enjoy the excellent residential, dining, academic, athletic and social facilities of one of Canada's oldest independent schools focused on providing students with the social conscience, confidence and skills to shape the future. The ESL camp is managed and supervised by experienced staff of Pickering College; 24-hour-a-day supervision is provided by residential counselors and tour escorts of university age or older. These counselors are there to ensure students have a safe, exciting and enjoyable stay.

Students benefit from small classes, twelve students per instructor. Classroom instruction is directed to the skills that are needed in school study. Practical assignments are given and include computer instruction. The ESL Summer Program focuses on reading, writing, speaking and oral comprehension.

There is so much to see and do while learning at Pickering College! To complement our classroom studies, many exciting activities have been planned, both on- and off-campus. Below is an example of some of the activities that you can expect this summer.*
